8:40 - 11:55

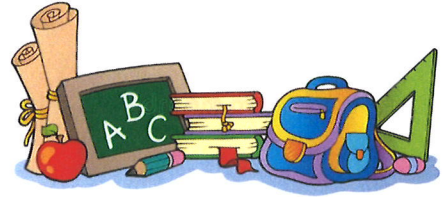

12:40 - 3:10

Attendance

If your child will not be attending or will be late please contact the school any time @ 306-763-6495 or report on your Edsby app

Riverside Public School

September 2023

Hello, Riverside Families,

We're happy to see you again as we start a new school year! We're excited to have your children back in school to learn, make friends, and have fun.

Our teachers and staff have been working hard to make sure everything is safe and ready for your children. We want to give them the best education and take great care of them while they're here.

We're really grateful for your help and support. It's important for families to be part of school life, and we're here to work together to help your children do their best.

If you ever have questions or need help, please get in touch with us. We're here to help you and your children.

Thanks for trusting us with your child's education. Let's make this school year a great adventure!

Sincerely, Principal Leanne Tretiak, Riverside Public School

Meet the Staff

Mug & Muffin

We will be having Mug and a Muffin on Monday, September 25th from
8:40-9:30

CEREMONY

09.20.2023 | 1 pm
Riverside Public School
Coffee/tea & dainties to follow

Please join us for the installation of our new Tipi in response to the Truth & Reconciliation Calls to Action.

This permanent art installation will serve as an interactive learning environment for our students and greater community.

RSVP to 306-763-6495

Sponsored by Northern Lights Community Development Corporation

School Based Instructional Coach

Hello and welcome to a brand-new school year. My name is Mr. Korecki and this is my second year at Riverside. My role is the school-based literacy coach formally known as the Dream Catcher coach. Together with our teachers I work to support our students through literacy. This year, Saskatchewan Rivers School division has made some changes to our Home Reading Recommendations. These new recommendations will work to foster a love of reading. We encourage our families to read with your child everyday – children love to choose their own books to listen to. Talk with your child about what you are reading. And, encourage your child to read to you. This might be a few words, a page or even a whole book. We now know the focus of home reading should be experiencing a wonderful story together, rather than reading for a prescribed amount of time. Sharing a book together helps put focus on rich language development.

Language skills can also be developed through playing, learning and growing together. This includes activities like playing, dancing, talking, cooking or tidying up.

Did you know that your child's brain is almost fully grown when they are just six years old?

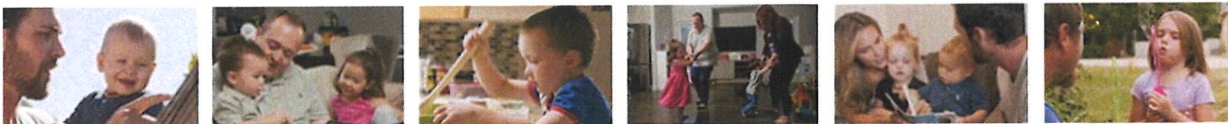

When you help your child learn before age six, you are building a foundation of social, emotional, physical and academic skills that will last a lifetime.

Activities like dancing, singing, talking, reading, playing and exploring with your child help to build their cognitive skills, language skills, spatial and math concepts, social skills, empathy, motor skills and problem-solving skills.

For more helpful ways to help set your child for success check out the early year's website below by scanning the QR code.

Play. Learn. Grow. Together!

Greetings from Mrs. Gange!

Please like my Facebook page. I plan to post musical activities as often as I can. Scan the code to head to that page.

I also have a google website which displays the google slides I use in the classroom:

This year we will be having a school choir for students in grade 3 and up. We even have a gig already lined up. We will be singing O Canada at the Indigenous Day at Carlton on October 4th.

I also plan to start a fiddling club for kids in grade 5 – 8.

Please feel free to email me with any questions!

Dear Parents/Guardians:

LETTER OF FAIR NOTICE – Prince Albert Risk Assessment Protocol

The Saskatchewan Rivers Public School Division Board (SRPSD) is committed to providing safe learning environments for all students, staff, school visitors and community members. We believe that by working together with students, their families, and the community, we can support young people to be healthy and happy.

Our principals, vice-principals and school social workers receive training developed by the [Centre for Trauma Informed Practice](#) to lead a process called Assessment of Risk to Others (ARTO). This training has led to the development of a community protocol to help principals protect students from potential threats to safety or serious harm. The protocol helps schools respond quickly to threatening incidents.

The Prince Albert Community Risk Assessment Protocol outlines how schools will respond to threatening or worrisome behavior. Principals will convene a School Risk Assessment Team, which typically will include the principal/vice-principal, a school counselor and a police officer. Depending on the severity of the potential threat, principals may also consult with the Superintendent of Schools and call in members of the Community Risk Assessment Team. This Community Team may include representatives of community agencies such as local Police, Mental Health and Addiction Services, or Child and Family Services.

Parents and guardians will be notified as soon as possible in the ARTO process. If parents/guardians cannot be reached or if they choose not to provide consent, the risk assessment may still proceed. Personal information shared throughout this process will respect and balance each individual's right to privacy with the need to ensure the safety of all.

This letter is to serve fair notice that SRPSD will take decisive action when a serious threat has been made. Our goal, as always, is to ensure student safety in a caring learning environment.

Sincerely,

Tom Michaud Superintendent of Schools
Saskatchewan Rivers Public School Division
