Technology in the classroom guidelines

For this school year, personal electronic devices such as cell phones, smart watches, tablets and personal gaming devices will not be permitted during class time across all K-12 schools in Saskatchewan.

This policy is designed to help students stay focused on their learning and engage more deeply with their teachers and classmates. By minimizing distractions, we aim to create a better learning environment where we can achieve Excellence for Every Learner.

Thank you for your understanding and support as we work together to provide the best educational experience for your children. If you have any uncertainty around this please do not hesitate to contact us at the school.
